THE NEW DISCIPLES

Today is the age of the new disciples. As Sir George wrote in his conclusion of *The Twelve Blessings* in 1958:

Jesus has come again in this 20th century to extend His ancient mission to save this Earth. It is now up to you, the new disciples, who read, learn and accept these Teachings, to take your rightful place as sowers of the seeds of Cosmic Truth throughout your world.

And on October 18th, 1958, Mars Sector 6 stated in a Transmission about 'The Twelve Blessings':

You notice, oh disciples, that these Teachings are not limited. Be ye like them!

The Twelve Blessings lie at the heart of our worship in The Aetherius Churches, on Holy Mountains, online, and by individuals wherever they may be. But it is not the only – nor even now the most important – activity the Society and its Members perform. Having read this biography you will know this all too well, and be familiar with the expansive panorama of Spiritual activity enshrined in King Yoga.

New disciples can follow this Master and this path in its entirety, and you won't be surprised that this, in our view, is the highest calling available to us. It is also the key to our own development. As Sir George advised his students during a series of classes in 1966:

You cannot really progress, really progress, unless you are dedicated to the life of action. The only thing that counts these days – there aren't two things that count, there is only one, and if I am sure of anything, I am as sure of this as I am of God – the only thing that counts is the Cosmic Plan for the enlightenment and evolution of this and all other planets.

Spiritual action brings peace and enlightenment to the world and to ourselves – in that order. King Yoga is primarily a path of service, but it is also one of personal advancement, and wherever you have one of these the other isn't far behind.

A REVELATION FROM OUR MASTER

Karmic link between a teacher and a pupil

There is a karmic link between a teacher and a pupil, and if a pupil really advances, then they can and do take into themselves more and more the higher attributes of the Teachings. This is an absolute fact. And, of course, there is a statement, too, that: "When the pupil is ready the teacher appears," and this, too, is an absolute fact. The teacher has to, by law, take the next step with those pupils who are ready. If he cannot do so, then the right teacher is brought along – to be able to do so.

This is one of the Laws of Karma and it's greater than all of us. It's greater than the world and it's greater than the Solar System and even the Suns. Because it's one of the great Laws – been known about for thousands of years on Earth. It appertains not only on this Earth but on all inhabited Planets throughout this Galaxy, anyway – that when the pupil is ready, the teacher does appear. In other words, when the pupil is ready for the next essential step onward, they will be able to take that step. They will be helped in one way or another to take that step.

And a student does begin to absorb some of the deeper aspects of the Teachings and some of the deeper aspects of the teacher, too. This, too, is a fact. If you study diligently under a teacher who is any good at all – and you really study diligently, whether you come into physical contact with that individual or not, you begin to absorb some of his higher knowledge, which he may not have imparted to you by word of mouth. This is a fact too.

And it's because of this that I, for one, am extremely keen that students do work as hard as possible for their own benefits, because you can benefit in every way. You don't necessarily have to benefit in a way which is apparent to you now. You may benefit in other ways which are not apparent to you at this time. This is a fact too.

All these things have been proven throughout the years. The yogis knew about them thousands of years ago and the same Law applies today that did then. The Law hasn't altered.

Extract taken from a self-development class given by our Master on October 20th, 1966.

COMMEMORATION DATES FOR 2025

The Commemoration dates of The Aetherius Society constitute a major and important part of our activities. By marking these dates with special Services, we add a greater power to the original event and register our appreciation and thanks in the Akashic Records of Earth. In view of their significance, all Members should hold them in the highest regard.

We would remind Full Members that observance of all official Commemoration dates is a condition of Full Membership. These Services are marked in the following list by a small Cross (†) next to the appropriate dates.

If you are unable, for any reason, to attend any of these activities at your local Headquarters, Branch or Group, or are not able to observe these dates in your own home, please contact your local center to explain your circumstances and gain exemption from the American Headquarters. **For those Members holding their own Services, we encourage you to join our livestreamed Services to mark these occasions. For those unable to join online, a binder containing formats and readings for all the Commemoration Services is available from the Headquarters for a cost of \$25.00, plus \$5.00 shipping.**

All Members, both Full and Associate, are required to observe July The Eighth, the Holiest Day of the year, marked in the list with two Crosses (††).

As Members of The Aetherius Society we are privileged to take part in these special Services of Thanksgiving. Each Service is designed to enhance our appreciation of the unique, historic events being commemorated through the use of Transmission extracts, readings from selected texts, video or slide presentations, combined with prayers and Holy Mantra. In deference to the importance of these events, we request that you dress smartly.

We will continue to announce further details of each Commemoration Service at all regular meetings immediately prior to these dates, as well as by email. However, it may be necessary to change these Service times without prior notice, so it is advised to confirm beforehand.

Special Note: Only Members and Associate Members of The Aetherius Society may attend any of the Services held at our Headquarters, Branches and Groups in Commemoration of The Initiation Of Earth on Tuesday, July 8th, and **only Full Member-Initiates are allowed to participate in Service No. 2, held at 11:00 a.m.**

All other Commemoration Services are open to Friends, sympathizers and the public, who are very welcome to attend.

To help our newer Members, included in the calendar are brief explanations of each event being commemorated. Further study of these important events is highly recommended.

Dates

You will notice that the Commemorations do not always take place on the exact date of the event being commemorated. The main reason for this is that our Master stated that certain Commemorations should take place on the weekend so that more could be made of the

occasion than would be practical in the evening on a weekday. For your interest and reference, where Commemorations are held on a different day, the exact date appears in brackets next to the name of the Commemorations in the section explaining these occasions at the back of this pamphlet.

Duration

The duration of Commemoration Services varies. Evening Services are about one hour (or longer if they contain an audio-visual presentation). All Spiritual Monument Commemorations, and those in Honor of The Adepts from Gotha and **Operation Sunbeam**, will last up to two hours and may include an audio-visual presentation.

Additional Information regarding Power Circles During the First and Last Hour of each Spiritual Push

What is a Spiritual Push?

A Spiritual Push, sometimes called a “Magnetization Period,” is a period when an extra-terrestrial Spacecraft known as “The Third Satellite” comes into orbit of Earth and potenti-izes all Spiritual actions by a factor of 3,000 times. This means that attendance at Aetherius Society activities, as well as the performance of other forms of Spiritual action and practice, is especially important during these times.

The Aetherius Society holds Power Circles around the world during the First and Last Hours of each Spiritual Push, which are particularly potent times.

Dates and Times

There are four Spiritual Pushes per year. The dates of these have been set and given to us as follows by the Karmic Lord Mars Sector 6 through our Master, His Eminence Sir George King:

Spiritual Push No. 1:	April 18th – May 23rd
Spiritual Push No. 2:	July 5th – August 5th
Spiritual Push No. 3:	September 3rd – October 9th
Spiritual Push No. 4:	November 4th – December 10th

The Third Satellite comes into orbit and leaves orbit at precisely 12 midnight Greenwich Mean Time and local times throughout the world are calculated accordingly. In the list on previous pages, the times given are Pacific Standard/Daylight Times and Eastern Standard/Daylight Times, which apply to the American Headquarters and Eastern USA Branch.

The special Power Circles that take place during the First and Last Hours of each Spiritual Push last exactly one hour. They start precisely on the hour but are preceded by guided contemplation and other preparatory practices, so all attendees must be seated **at least 10 minutes beforehand**.

Throughout the Spiritual Pushes, Power Circles are held in Los Angeles and Michigan on Monday evenings **starting at 7:55 p.m.** local time.

Attendance

All Power Circles are open to all categories of Membership and to non-Members who are sympathetic to the beliefs of the Society.

Operation Space Power

Our Spiritual Energy Radiators in Los Angeles, London, Michigan, Auckland (New Zealand), and Barnsley (Northern U.K.) run for three hours every day during every Spiritual Push, each releasing more than 6,000 Prayer Hours of energy from Satellite No. 3 into our world per day. They are also operational during the First and Last Hours of each Spiritual Push, making this time even more special.

The Sixty-First Annual Celebration of The Primary Initiation Of Earth *Tuesday, July The Eighth, 2025*

July The Eighth is the Holiest Day of the year. It is a day when Full and Associate Members worldwide come together to celebrate the greatest event of our times, namely, THE PRIMARY INITIATION OF EARTH, which took place on July the 8th, 1964.

On this historic day, the Mother Earth received Her greatest Initiation since Her inception as a Planet. Between 10:00 p.m. and 10:57 p.m. PDT on July the 8th, 1964, our Master received a Cosmic Transmission from the Karmic Lord Mars Sector 6, detailing the mighty event as it took place. The full Transmission, together with explanation by His Eminence, is published in the holy book *The Day The Gods Came*.

On January 30th, 1965, the great Cosmic Master Aetherius stated:

"The Holiest of Holies — the greatest Day in your calendar, from this time forth, shall be the exact anniversary of The Primary Initiation Of Terra. This will be regarded by you above all other days as a day of Spiritual outpouring; a day when you will spend many hours of your time in Prayer and praise for the great Being – Terra – Who has borne you. This directive will be strictly adhered to and its adherence will become one of the conditions of true Membership of this organization."

It is a condition of Membership in The Aetherius Society that **all** Members observe July The Eighth in the manner laid down by our Founder/President and Board of Directors. Those Members who, for compassionate reasons or for compelling reasons appertaining to public health, safety and welfare, cannot meet this condition of Membership, may be exempted from its requirements by communicating these reasons annually to The Aetherius Society.

If you are unable to attend the American Headquarters or your local Branch or Twelve Blessings Group, you should pay reverence to this day by joining our livestreamed Services from the Headquarters. If you cannot do so, then please join in continuous Prayer based upon the official program using, if possible, the "*Celebration Of The Initiation Of Earth*" Commemoration Services CDs, obtainable in album MCD-8, in your own homes or wherever possible to you.

It must be remembered by all Members that **your everyday work fades into insignificance when compared with such a great event as this — and such a great opportunity as this.**

During this Holy Commemoration, there will be our beautiful "Sacrifice To God" discharges of vibrant Prayer Energy through the Spiritual Energy Radiator equipment in America, England and New Zealand. Prior to July the 8th, attendees to OPERATION PRAYER POWER will have met for special sessions so that this Energy can be guaranteed as a true sacrifice without affecting regular Prayer Power commitments. In addition, another Battery will be Charged by The Adepts with 5,000 Prayer Hours of Spiritual Energy to be added to our "Sacrifice To God" discharges.

Please Note: Service No. 2, held at official Headquarters and Branches, is only open to Full Member-Initiates in good standing. All other Services on this Holy Day may be attended by Member-Initiates, Full Members and Associate Members. Therefore, none of these Services may be attended by non-Members or Friends.

A program of Commemoration Services is shown overleaf.

THE COMMEMORATIONS OF THE AETHERIUS SOCIETY

January 22 – The Completion of The Alien Mission

A non-human alien intelligence, fabricated by entities outside of this Galaxy, was discovered in the lower astral realms of Earth. This alien “android” was programmed to take control over all life on the physical and subtle realms of Earth and had the power to do so! It was almost indestructible and had the capability of creating huge and deadly thought-forms. It had been dormant for millions of years but was shaken from its dormancy by the Primary Initiation of Earth in 1964. Because the position of Earth was considered to be strategic from a military point of view, the entities who made and programmed the android intended to make a base on Earth for future use as a striking point against the Solar System and other parts of this Galaxy.

The battle took place in the lower astral realms, taking eight months and 27 “sorties” into these realms by the Adepts. For the first nine Phases, the Three Adepts battled alone but in later Phases, They were joined by Adepts Nixies Zero Zero Four and Nixies Zero Zero Five; certain Members of the Great White Brotherhood; and an ally in the lower astral realms, the “Prince” and his army.

After an horrendous conflict, the Forces of Light prevailed and the Five Adepts and Their helpers were able to evict the alien from its lair in the lower astral realms and send it out of the Solar System. The final battle in this Mission took place on January 22nd, 1966, three months after the alien was evicted.

January 25 – The Birth of His Eminence Sir George King (actual date January 23)

January 23rd, 1919, is the birth date of His Eminence Sir George King, the Founder-President and Spiritual Leader of The Aetherius Society. We recognize him as a Cosmic Avatar who came to Earth to help mankind in our hour of need. Following “The Command” he received from an inter-planetary Intelligence in 1954, the whole of his energies for the rest of his life were dedicated in service to the enlightenment and salvation of mankind.

His Eminence passed from this physical realm of Earth on July 12th, 1997, at the age of 78. His ceaseless endeavors on behalf of all humanity are virtually a history of The Aetherius Society up to this date. To study the life of this Master is to study The Aetherius Society teachings.

February 8 – Commemoration in Honor of The Adepts from Gotha

Gotha is a Planetary system in our Galaxy, 36,000 light years away, inhabited by an advanced race of Beings. When Their system was under attack by alien forces in the 1960s, some of these Beings made an appeal to the Five Adepts for help. They were aware of the battle that took place in the lower astral realms of Earth between the Adepts and the alien force of evil in The Alien Mission. The Five Adepts went to the aid of the Gotha system and earned the undying gratitude of these highly evolved Beings.

As a result, three Masters from Gotha volunteered, and are allowed by Karmic Law, to live upon Earth and to manipulate the Karma necessary for the performance of **Operation Sunbeam**. The three original Masters from Gotha have now moved on and have been replaced by three other volunteers from the Gotha System. These Beings not only willingly take upon Themselves the burden and suffering of man’s negative Karma, but play a vital role in the manipulation of the Spiritual energy used in **Operation Sunbeam**, without which the Mission could not be performed. This act of total service to an alien race is going on now and will continue into the future.

We celebrate The Gotha Adepts Commemoration on the second Saturday in February each year. This day was chosen by our Master in remembrance of a visit made to him on February 13th, 1966, by a Master from Gotha, Who Blessed the Temple at the American Headquarters. These great Beings, Who are Members of the Interplanetary Confederation, are known under the title of Adept Nixies Zero Zero Eleven and Team.

February 24 – The End of Operation Karmalight

Operation Karmalight was a Mission performed in the lower realms of Earth by the interplanetary Intelligences we call the Six Adepts. Acting upon Karmic Authority, these Beings were instructed to prevent a takeover on the lower astral realms by the evil entity known throughout the centuries as ‘satan.’ Following the Primary Initiation of Earth on July 8th, 1964, and the eviction of the alien intelligence from the hells on October 26th, 1965, satan began his move to take over all life on the lower astral realms — with a view to eventually taking over all the other realms of Earth as well!

Satan had the ability to split his consciousness into different parts and inhabit several different bodies at the same time. This entity also had huge forces under his control — from black magicians to powerful military might. The Six Adepts, on the other hand, were strictly limited under Karmic Law by the negative Karma of mankind. The scale was pitifully unbalanced against the Forces of Light.

However, the Adepts succeeded! The battle raged over a period of 16 months and took place in 24 Phases or separate “sorties” by the Adepts into the hells. The main aspect of Operation Karmalight was completed on February 24th, 1969, when the Lord Babaji came into direct contact with the last aspect of satan and transmuted this evil entity.

March 5 – Commemoration of Operation Space Magic

Between March 5th and March 9th, 1980, the Six Adepts placed specially tuned modules on four Planets in the Solar System — Saturn, Jupiter, Venus and Neptune. On January 23rd, 1981, They put into orbit of Earth a Satellite, known as Satellite A-1, specially tuned into these modules, which could be used as a reception and relay station for Spiritual energies coming directly from these Planets. These energies have been used regularly in the Cosmic Mission **Operation Sunbeam** and can, when needed, be used in Special Power manipulations for the benefit of all terrestrial life.

This Mission took over six years of most careful planning, coupled with the knowledge and application of science above anything known on Earth. The result is a predetermined life expectancy of this Mission of over 1,000 years!

March 15 – The Birth of the Master Jesus

The Master Jesus is an interplanetary Master Who came from the Planet Venus. He incarnated into the physical life cycle of this Planet in order to perform a Mission on behalf of all humanity. This Mission was to arrange His own death through which He would manipulate world Karma in order to prevent a global catastrophe which was due to take place in those days.

The great Master also gave a new teaching to Earth as the Avatar heralding in the Piscean Age, and was a living demonstration of the way to God through Love and Service.

Through His Eminence we learned that the real birth date of the Master Jesus is March 15th in the sign of Pisces. Many revelations regarding the true nature of this great Being were given to The Aetherius Society by and through Dr. King. Numerous Transmissions were received from the Master

Jesus, including the New Age Bible, The Twelve Blessings — an extension to His Sermon on the Mount given 2,000 years ago.

It is most heartening to know that, despite the fact that terrestrials murdered Him, this wonderful Master still continues to extend His heart and love to us in order to help us return to the Laws of God.

March 23 – Commemoration of Operation Power Light (actual date March 18)

On March 18th, 1993, His Eminence began a new Mission given to him by the Cosmic Master known as Sector S2. This wonderful Intelligence was a frequent communicator with our Master in the latter years of his life.

After 11 Phases had been accomplished, Sector S2 obtained permission to use energy from the Holy Mountains and revealed more information regarding Who was involved in helping in the Mission. The list included: Primary Terrestrial Mental Channel (His Eminence Sir George King); Sector S2 and Team; the Six Adepts; Nixies Zero Zero Nine and Team; Nixies Zero Zero Eleven and Team (the Gotha Masters); the Lord Maitreya and other aspects of the Great White Brotherhood.

The energies used in Operation Power Light were dedicated to “World Healing and Upliftment” and in all, a total of 44 Phases were performed before our Master left this plane in 1997.

Because of our Master’s declining health, his role in Operation Power Light was far less arduous than most Missions he had performed in the past. However, according to Sector S2, the fact that he did participate and activate the Spiritual Energy Radiator meant: *“You have joined the Karmic link which makes the whole Mission possible. Without that it would be very difficult for Us to do.”*

May 10 – Commemoration of “The Command” (actual date May 8)

On a Saturday morning in May 1954, as our Master was drying dishes in his apartment, he heard a voice that would change his life from that day forward: ***“Prepare yourself, you are to become the voice of Interplanetary Parliament.”***

For years prior to this day His Eminence had practiced Yoga diligently and was already an Adept in many forms of this ancient science. But following “The Command,” his life became a Mission dedicated to the Cosmic Masters for Their use in whatever way They deemed fit to save our backward race from self-destruction.

Following an instruction, he founded The Aetherius Society in order to help spread the teachings which were coming through him from Beings on Venus, Mars, Jupiter and Saturn, as well as carrying out powerful Spiritual Missions given to him by the Cosmic Masters to help humanity. Later, he also designed his own Missions of Karmic manipulation for the benefit of the world.

From 1954 until his passing in 1997, our Master never stopped following “The Command” — in fact, going way beyond it! As the Master Aetherius said in 1990: ***“Never before in My existence have I ever recruited a better Spiritual Master than George King! He is my ‘Star Pupil.’... The next Master is coming to Earth at a classified time. He will come with all the powers. But Man for Man, He will not be any better than the man who has been among you for many years.”***

We celebrate “The Command” as the start of a Mission that changed the course of history!

May 25 – The First Spiritual Push of Modern Times (actual date May 28)

On May 28th, 1955, the Third Satellite came into orbit of Earth for the first known time in these modern days. The Third Satellite is a large Spacecraft from Mars that comes into orbit of Earth exactly 1,550 miles from the surface. This Spacecraft radiates Spiritual energy to anyone upon Earth

who will use this energy in a selfless manner, enhancing the effectiveness of all Spiritual action by a factor of 3,000 times!

For many years, the times of these orbits, known as Magnetization Periods or Spiritual Pushes, were given through our Master at the beginning of each year, until in 1988, they were fixed for the next 1,000 years.

In addition to this already outstanding Karmic manipulation, The Aetherius Society cooperates with Satellite No. 3 in the Cosmic Mission **Operation Space Power**. For three hours per day during a Spiritual Push, Satellite No. 3 beams Spiritual energy through the five Spiritual Energy Radiators designed by His Eminence, one in Los Angeles, one in London, one in Michigan, one in New Zealand and one in Barnsley, Northern U.K. During these three-hour Operations, over six thousand Prayer Hours of uplifting, healing energy are released through each machine into the world — energy that would not have been available had our Master not brought this equipment into being!

June 30 – The Start of Operation Prayer Power

Operation Prayer Power is a Cosmic Mission devised by His Eminence in which Spiritual energy invoked by attendees through Prayer and Mantra is stored in a physical Spiritual Power Battery which can be released in a concentrated manner at any time to bring relief to suffering mankind anywhere on Earth.

His Eminence gave this Mission to the world on his 53rd birthday – January 23rd, 1972, announcing that he dedicated it to all those who were working to bring about an ecological balance on Earth. Anyone who believes in the power of Prayer can participate in **Operation Prayer Power**.

Inaugurated on June 30th, 1973, on Holdstone Down in England, this Mission was accepted into the Cosmic Plan for terrestrial salvation and enlightenment on September 2nd, 1975. Since 1979, during every Spiritual Push, Prayer energy from our Batteries in Los Angeles, London, Barnsley, New Zealand and Michigan is released to Satellite No. 3 for use anywhere in the world the Cosmic Masters deem it most useful.

Operation Prayer Power represents an outstanding opportunity for all of us to directly help our fellowman in one of the most potent ways possible.

July 8 – The Primary Initiation of Earth

July The Eighth is the holiest day in The Aetherius Society calendar. On this day in 1964, the Earth as a Holy Entity was given more Spiritual energy than She had ever received since Her inception as a Planet. These energies came mainly from the Sun and were relayed to the Logos of Earth in a mighty Operation performed by advanced interplanetary Intelligences.

The Karmic Lord Mars Sector 6 was the Director of this Cosmic Operation. His Eminence acted as the channel through whom the description of this stupendous feat was recorded for future generations on this Earth.

Four major changes will eventually follow from this Initiation: the ionosphere will gradually be taken down; the next Master will come to Earth; the Earth will move into a new position in the heavens; and a New Age of world peace and enlightenment will gradually be brought into being.

August 24 – Commemoration of Operation Starlight (actual date August 23)

Operation Starlight was a Mission devised by the Cosmic Masters as a vitally important aspect of the Cosmic Plan for terrestrial advancement. It took place between 1958 and 1961 during which 19 Mountains around the Earth were Charged with Spiritual energy that can be invoked and radiated out to the world by anyone who prays thereon with the right motive. As the Holy Mountains

were given for the benefit of mankind, it was therefore karmically necessary for someone in an earth physical body to climb them to act as a channel through whom the initial charge could be placed. Our Master was chosen by the Cosmic Masters and acted as the Karmic link in 18 of the 19 Holy Mountains. The Mission was completed on August 23rd, 1961.

This Operation provides a source of easily contactable Spiritual energies that would otherwise be inaccessible to ordinary man. Since the ionospheric belt, put around Earth following the fall of Lemuria and intensified after the fall of Atlantis, made contact with the higher powers and the realms of inspiration much more difficult for terrestrial man, Operation Starlight provided the opportunity for all people to contact energies which, in the past, only an adept could invoke.

In 1962, the Master Aetherius declared that Operation Starlight was: *“The greatest single metaphysical task ever undertaken on Earth in this, Her present life.”*

September 14 – The Start of The Saturn Mission (actual date September 11)

Initially called the “Special Mission for World Peace and Devic Stabilization,” **The Saturn Mission** began on September 11th, 1981 and is directly under the control of Saturn High Command. The modus operandi of this Mission involves releasing Spiritual energy over a Psychic Center of Earth to intermingle with the energies radiating from the Earth Herself.

One “minor” aspect of each Phase of this Mission is the saving of 90,000 people from death or severe mutilation caused by natural catastrophe. We do not know the results of the primary aspect of this Mission, except that it is a high Spiritual power of global impact. Up to the end of 2022, 110 Phases of this Mission have been performed.

The Society received one of its greatest compliments ever when, in 1994, the Perfects of Saturn offered this Mission to The Aetherius Society for the future. This was something our Master had not considered possible, but with much planning by our Master and Senior Engineering Officers worldwide, a modus operandi was devised and approved by the Master Aetherius and other Cosmic Masters involved. As a result, 75 Phases of this wonderful Mission have been performed by Aetherius Society teams since our Master’s passing.

September 27 – Commemoration of Operation Sunbeam (actual date September 24)

Operation Sunbeam began on September 24th, 1966. It is a Mission conceived by His Eminence in which Spiritual energies from the Holy Mountains, intended for use by mankind, are instead given to the Mother Earth as a token repayment for the vast amount of energy which has been taken from Her by mankind, for the most part without any thought of repayment or even thanks. As such, it is a gigantic Karmic manipulation, and in 1972 was declared by the Protectors of the Ineffable Flame of the Logos of Earth to be: *“The greatest metaphysical Mission being performed on Earth today by any organization or even country.”* Seeing it performed by our backward race on Earth inspired thousands of other races throughout the Galaxy to perform an equivalent operation on their own worlds.

On June 14th, 1979, “Plan B” of **Operation Sunbeam** was inaugurated, greatly potentizing the Mission and enabling many more Phases per year to be performed. The Mission was further enhanced in 1980-81 when the Six Adepts performed **Operation Space Magic** in which They put modules on Saturn, Venus, Jupiter and Neptune and placed Satellite A-1 into orbit of Earth. As a result of this, Spiritual energies from these Planets, radiated through Satellite A-1, have also been used in **Operation Sunbeam**.

In 1994, “Plan K” began, taking the Mission to unimaginable heights, described by our Master as: *“The time when the occult sciences took a quantum leap forward.”*

October 26 – The Eviction of the Alien

Please see January 22nd — The End of the Alien Mission, for information about this Mission.

The alien intelligence was evicted from Earth on October 26th, 1965. Because of the vast importance of this tremendous Victory to all life on the Planet Earth, October 26th is regarded on the Higher Realms as the second most important date in the year, the first being July the 8th, The Primary Initiation of Earth.

November 11 – The Start of Operation Earth Light

Operation Earth Light is a Mission designed by His Eminence to transmit energies from certain Psychic Centers of Earth through specially designed equipment to the Higher Devic Kingdom. Following Her Primary Initiation, the energies being released by the Mother Earth are increasing. This Mission was designed to assist, even in a small way, this release.

The Mission was first recognized and accepted by the Protectors of the Ineffable Flame of the Logos of Earth in an audience They held with His Eminence in 1979.

Later, our Master's design of the radionic equipment to be used in **Operation Earth Light** was offered to the Spiritual Hierarchy of Earth Who were in a position to perform the Mission on a much wider scale than could The Aetherius Society. They readily accepted the offer and a special team went to work in earnest manufacturing the equipment needed to carry out this Mission.

On November 11th, 1990, the Spiritual Hierarchy of Earth successfully launched the Mission known as **Operation Earth Light**. The Lord Babaji communicated this message to our Master: *“We wish to thank you for your Operation Earth Light. This Mission will become of great importance — and become global!”*

November 22 – The Incorporation of The Aetherius Society in America

In 1959, our Master traveled to America to extend the world Mission Operation Starlight. At a flying saucer convention that year in Los Angeles, he met his future wife and her sister — Monique and Erain Noppe. Shortly afterwards, Charles Abrahamson joined them and the four Founder-Directors of The Aetherius Society in America had come together.

The Aetherius Society in America was officially incorporated on November 22nd, 1960, and California would remain our Master's primary residence throughout the remaining 37 years of his Mission. Although observance of this Commemoration is not a condition of Full Membership, our Master considered it to be very important. As with any birthday or major event, commemorating it, especially in a Spiritual manner, gives it a greater power. And it is on this day that we release **Operation Prayer Power** energy to the Spiritual Hierarchy of Earth to honor these great Masters for Their wonderful Service to our world, remembering that it was a prominent Member of the Spiritual Hierarchy, Saint Goo-Ling, Who first visualized The Aetherius Society into being.

A numerological analysis of this birth date, along with the name “Aetherius,” in the book *The Age Of Aetherius*, substantiates what seems perfectly clear — that the destiny of The Aetherius Society is “the revelation of Cosmic Truth.”

November 29 – The Completion of Operation Bluewater

Prior to the Cosmic Initiation of Earth, it was necessary to concentrate Spiritual energy in specific parts of the Earth, due to a warp of existing magnetic fields in the Planet's orbit around the Sun. This warp, a product of the wrong thought and action of mankind, had prevented the intermingling of

certain subtle forces with the Pranas radiated from the Sun. Operation Bluewater brought about the necessary concentration of energies to put this situation right.

His Eminence was chosen by the Cosmic Masters to perform this Mission and was given the task of designing radionic equipment through which subtle energies could penetrate 2,000 feet of seawater. A small team at the American Headquarters built the equipment and purchased and prepared a vessel needed for the performance of the Mission.

During the four Phases, which took place in 1963 and 1964, the vessel was taken to a specific location off the California coast where our Master piloted it through an intricate pattern of maneuvers within an energy field broadcast by the Cosmic Masters, with Whom he was simultaneously in telepathic rapport. The energy was collected, conditioned, intensified and radiated through the radionic instrument into a Psychic Center of Earth.

Had the Mother Earth had to make “outside” demands for the energies to balance this Psychic Center, without the intervention of Operation Bluewater, this would have caused a massive earthquake about 200 miles off the California coast which would have devastated the west coast of America from Portland, Oregon, in the north, to Ensenada, Mexico, in the south, inundating San Francisco with an estimated two miles of sea water!
